

Networking with Indian universities

CROW head Vimal Kumar visited IIT Bombay, VIT Chennai and Bharati Vidyapeeth College in Delhi in February. It was a good opportunity to build international academic and research relationships with the Universities and Institutes in India. While at VIT Chennai, Vimal delivered a talk titled *Security Issues in Sensor Clouds* in a workshop jointly organised by VIT Chennai and University of Waikato. The workshop was a stepping stone towards a more structured collaboration in joint research and PhD supervision in the future.
